VOL. 3
WINTER
2021-2022

1" ATOMOS

2" TRIMMED ATOMOS

2" TRIMLESS ATOMOS

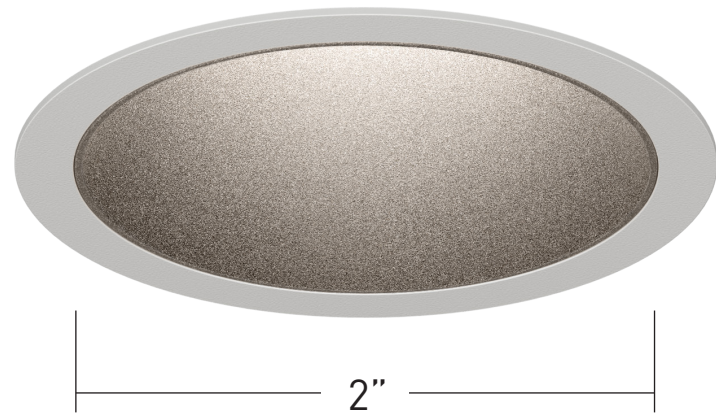

LUCIFER
LIGHTING COMPANY

EDITOR'S NOTE

A new year is upon us. These challenging times have us all considering what's most important and where we can have the most meaningful positive impact. We've been thinking a lot about the concept of "fewer, but better." We want to create products with last-a-lifetime durability. But we also know that if our fixtures don't adapt, they'll be replaced. That's why we're especially proud of Atomos, our tiny-yet-mighty new fixture that puts all the Lucifer Lighting goodness into one small, highly and easily configurable package.

We're also thinking a lot about community. We are a business with a mission: we create lighting fixtures that illuminate the world's most beautiful spaces and places, art and architecture, creations and experiences. We couldn't do this without the trust, skills, and creative ideas of our colleagues and customers, family and friends, and all of you in the world of architecture and design. Thank you for everything you do and encourage us to do.

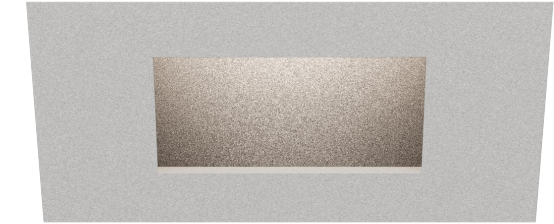

ATOMOS™

INTRODUCING ATOMOS. WE'VE PUT EVERYTHING WE KNOW ABOUT THERMALS, OPTICS, AND EASE OF INSTALLATION INTO ATOMOS, OUR SMALLEST DOWNLIGHT, YET.
